## TAX COLLECTOR ON WARPAT FOR COLLECTION OF PERSONAL TAXES

**Delinquents Must Pay up or be Shut up, is the Edict From Headquarters**

### FINANCE COMMITTEES AGREE

**Councilmen and School Directors in Line With Method of Procedure—Good Streets and Good Schools Paid For by Personal Taxes**

Tax Collector J. W. Mathias is on the warpath for the collection of personal taxes and is camping on the trail of those who haven't paid. Soon he will summon in a constable to help, if payment is not forthcoming. Then there will be added costs, and eventually for the worst delinquents who give absolutely no attention to friendly advances or kind suggestions, a chance of a jail sentence.

For the average man the personal or occupational tax amounts in the aggregate to \$2.74 per year, this being based so to speak on a \$100 amount. The money obtained from this source goes to the upkeep of the schools and the borough. The schools getting \$1.58 and the borough \$1.16 of the total amount. Hence, whatever benefits residents enjoy in school advantages and borough improvements, to say nothing of clean streets, they can feel are acquired to a large extent through the prompt payment of their personal taxes.

The delinquent taxes date back to 1910. Every man over 21 years of age must pay. This includes foreigners. Notices have been sent out by Tax Collector Mathias, as called by law, but in numerous cases each year, no attention is paid to them. Delinquents are numbered among all classes of people.

Tax Collector Mathias met this week with the finance committee of the school board and the finance committee of council and went over matters pertaining to the collection of delinquent personal taxes, the committees agreeing with him as to procedure. He is given the power by law to enforce payment and simply proposes to use it.

The 1915 personal taxes will be payable during the summer. Tax Collector Mathias will have the books ready July 1 and taxes are payable until the last of September at a discount for borough and, at face for school.

## FAYETTE COUNTY FREE FROM DEBT; HAS MONEY IN THE BANK

**Neighbor Pays Off Last of Bonds—And Reports \$100,000 on Hand to Keep Things Running**

With the payment of the last nine bonds left from the issue of May 1, 1890 Fayette county has freed itself from all bonded indebtedness, leaving a balance of more than \$100,000 in deposit in various banks with only about \$20,000 of this being needed for the payment of temporary loans or other outstanding obligations. The county's finances have never been in such a flourishing condition, while its resources have been greatly increased through the gift of 625 acres of farming and mountain land at Mt. Braddock, transferred to the county recently by H. C. Erick and the W. J. Rainey company.

## GOOD RECORDS AT LOCK NO. 5

**Reports From Brownsville Show Improvement in Up River Coal Trade**

### VESTA-MINE INCREASES WORK

Although the coal shipments for the month of April were somewhat smaller than that of March, caused by the suspension of work at Vesta No. 5, the lockmasters employed at Lock No. 5 have been very busy passing boats up and down the river. The coal passed through the Brownsville lock for western districts amounted to 3,844,000 bushels. The following is the report of Lockmasters C. W. Kiebler, J. D. Sedwick and Frank Starr:

Lockages, 508; steamers, 483; barges and flats, 714; other craft, 23; bushels of coal, 3,844,000; iron products, 80,000; posts, 15,000; passengers, 1,248; sand, 15,000; gravel, 13,000.

Since the opening of the Vesta mine tugboats can be seen almost at any time locking through the most up-to-date lock along the Monongahela river.

## REGISTRARS IN COUNTY STARTING THEIR WORK

**Party Enrollment Will be Made Within the Next Few Weeks—Many Independents Returning to Republican Party**

Registry assessors throughout the state began this week to make the assessment of the voters outside the first, second and third class cities, where personal registration is in force. The voters in these districts will have the opportunity until May 25 of either changing their political party enrollment, or, if not already enrolled of having their names placed on the enrollment list under a certain designated party, thereby entitling them to participate in the primaries of that party.

During the past few years, many voters, especially of Republican proclivities have either refused to enroll or have identified themselves with the progressive movement,

which was designated as to the Washington party in this state. There is now a disposition on the part of many of these independent voters to return to the Republican party, but it will be necessary if they wish to participate in the coming primaries in September, to be enrolled as Republicans.

Under the act of assembly which makes it necessary to enroll a voter may change his party affiliation only by certifying his change to the registry assessor of his particular precinct and this must be done before May 24 of the present month or on the 20th and 21st days of July, when the assessors will be at the precinct polling places.

## CREST AVENUE SCHOOL MAKES GOOD SHOWING

**School Exposition at Hill Structure is Unusual in Some Respects--Spring Blossoms Used With Splendid Effect**

Originality obtained in decorative effects at the Crest avenue school building Thursday afternoon and evening, when the fourth day of the school exposition week in Charleroi was celebrated. Crest avenue had in general what all the other schools have had, with their own ideas, similarly to the rest, carried out in their holiday fixings.

Visitors entered the hallway there and instinctively halted, breathing deeply. For the Thursday celebration a transformation had taken place and the hallway was a bower of beauty. Spring blossoms, dogwood and peach, had been artistically arranged and they exuded a dainty perfume of nature that created within one a desire to linger and enjoy.

There are eight rooms at this hill school structure. Of course the school work displayed there was naturally the same sort exhibited in

the other schools. Where there was a difference was in the manner of preparation. Some of the most artistic arrangements of work were to be seen in the Crest avenue school and as one teacher remarked, an effort was made not so much to make a showing as to demonstrate actual work. Her room was one of the nicest of them all.

As at the other schools registration of visitors was taken by girls. One young lady, a pupil in one of the higher rooms, looked after a victrola stationed in the hall and during the afternoon and evening visitors were entertained by musical selections.

Tonight will close the school exposition week at the schools, the display of today to be at the high school gymnasium. This display will be unusual, consisting of manual training, domestic science and commercial work.

## WANTS DELEGATES SENT TO CONVENTION OF ANTIS

**Rev. Bitler of Anti-Saloon League in Charleroi Thursday in Interests of Big Meeting.**

Rev. J. S. Bitler, D. D., special convention agent representing the National Headquarters of the Anti-Saloon league was in Charleroi Thursday endeavoring to have the local churches elect delegates to the national convention of the Anti-Saloon league to be held at Atlantic City, on July 6 to the 9, inclusive. Each church, Sunday school, young people's society is entitled to a delegate and Rev. Bitler came to have the local church bodies elect their representatives or delegates.

## DAIRYMEN ARRANGE ARGUMENTS IN THEIR PROTEST TO RATES

**SCHOOL ATHLETES NUMBERED; CHARLEROI RUNS FROM 6 TO 19**

**Arrangements Made For Big Field And Track Meet to be Held at Washington Saturday.**

High school athletes to participate in the county high school field and track meet at Washington tomorrow afternoon will be designated by numbers and Charleroi high school lads will be numbered from 6 to 19. The list of entries have been completed and the numbers have been assigned. In class one, Burgettstown entrants will be numbered from 1 to 3 inclusive. Canonsburg 4 to 5 Charleroi 6 to 19. Donora 20 to 25. Monongahela 29 to 43 and Washington 44 to 64. It is expected that a large number of local enthusiasts will accompany the Charleroi high school team to the county seat to witness the events.

**Meeting of Dealers Held in Pittsburg for Outlining Plans Thursday**

### ATTORNEYS ARE INSTRUCTED

**Hearing Before Public Service Commission Next Week to be Spurred—Four Railroads Concerned in Matter, Having Declared Increase.**

Twenty members of the Tri-State Dairyman's association met in the Central Y. M. C. A. at Pittsburg Thursday and drafted their protest against the proposed increase of rates on milk by the Pennsylvania, Baltimore and Ohio, Montour and Wash-bash railroads. After preparing the evidence that they had gathered to be presented to the Pennsylvania public service commission when it hears their complaint on May 11, the dairymen turned it over to their attorneys. T. M. Paxton of Canonsburg, president of the association, was in charge of the meeting. The dairymen declared that if the railroads are permitted to raise their rate on milk from seven cents on five gallon cans to 14 cents that it will mean they must receive a higher price for their produce or discontinue shipping. Figures were presented to show just how heavy inroads on their profits would be made if the proposed increase were allowed to go into effect on June 1.

## CLERICAL FORCE HERE AMONG BEST

**Dispatchers at Postoffice Make High Records in Routing Test**

### McFALL'S MARK IS PERFECT

The three Charleroi postoffice clerks who are employed in dispatching mail are among the best in the land, a fact proven Thursday when a test was given. The three are W. E. McFall, Ed. Cowell and Earl B. Amos.

The test was given by C. S. Beaver of Pittsburg, chief clerk of the railway service in the district. In the test each of the three dispatchers was given 623 pieces of mail matter to sort and route according to counties. The records were based on time and the number of mistakes.

W. E. McFall made a perfect mark, 100 per cent. Cowell was next best with a percentage of 98.87 per cent, and Amos a fraction under him with a percentage of 98.22. It takes only a 95 per cent grade in the work to pass a man. The tests are efficiency tests designed to facilitate the handling of mail matter expeditiously.

### STARTED FOR CARNIVAL WEARING A WOMAN'S HAT

Wearing a woman's hat and evidently feeling as foolish and frisky as he looked, Arch Jones, of Fallowfield township started for the carnival on the grounds opposite North Charleroi Thursday, but was forced to stop in Charleroi to be a guest of the police for a while. He had a gun on his person. A brother arrived later and said he would care for the man and see that he didn't get away with a gun again.

"SPEND IT AT HOME"

Over \$100,000,000 which tourists  
and for the most part American tour-  
ists habitually spend each summer in  
the countries of France, Switzerland  
and Italy, will be diverted into home  
channels unless the "guiding" impulse  
has entirely worn itself out," as one  
writer puts it.

"See America First" has become a  
slogan which automobile manufactur-  
ers as well as the railroad interests  
are taking up vigorously, says an ex-  
change. And if the American citizen  
(whether foreign born or native  
born) will take the hint and look  
about his own United States while en-  
joying a summer vacation, he will  
learn many things which he never  
knew or heard of before.

"Acres of Diamonds," as Russell Con-  
well has explained in over 1,000 pub-  
lic lectures, are to be found at home  
quite as often as anywhere else.  
There are any number of beautiful in-  
land lake resorts in the states and  
the Great Lakes region, where Amer-  
icans will find the most comfortable  
sort of a vacation. As to scenery  
nothing in the world compares with  
the grandeur of the Rocky Moun-  
tains or the quaint diversity of the  
New England hills. As for summer  
study and popular educational fea-  
tures look to our own Chautauqua.

Why should not Americans enjoy a  
quiet summer at home, without the  
worry of dealing in foreign coin-  
ages and accents, the thumbing of  
their Baedeker for information, and  
the physical exhaustion that always  
follows "Trying to See Europe in 60  
Days?"

#### SCHOOL HELPFULNESS.

The first school exposition week in  
the history of Charleroi, a novel in-  
novation designed to take the place  
of a general visitors' day, has met  
with greater success than anticipat-  
ed by Superintendent Pollock and  
his efficient corps of instructors. The  
purpose was to afford parents and  
patrons an opportunity to see the  
work being done and the arrangement  
giving each school a day of its own  
in place of setting aside one day for  
one celebration has made a good  
movement better.

Parents and school patrons ought  
to take more interest in the schools  
than they seem to. The way to in-  
terest a child in his work is to become  
interested in it yourself. Sympathy  
with teachers creates, too, a better  
feeling and helps them to help their  
pupils. But sympathy cannot be ex-  
tended without acquaintance any-  
more than interest can be shown in  
school work without knowledge of  
what the school work is. The way to  
help is to show an interest, and to  
get acquainted with teachers by vis-  
iting their schools.

#### PICKED UP IN PASSING

During the war in the Philippines  
General Charles King, a westerner,  
one day while resplendent in his uni-  
form, which was made especially  
brilliant by several rows of new brass  
buttons, came upon a raw recruit. The  
latter was on post duty and failed  
to salute the general.

"Are you on duty here?" asked  
General King, with a show of anger.

"I guess so," said the recruit. "They  
sent me out here anyway."

"Do you remember your general  
orders," asked the general.

"I guess I do—some of them," said  
the raw recruit.

"Well," said the general, don't  
you know that you are supposed to  
salute your officers? Don't you  
know I am the general of this bri-  
gade?"

"You the general?" said the new  
recruit. "Gosh, no; I didn't know it.  
I thought you was the chief of the fire  
department."—Kansas City Star.

The conversation at a social affair  
the other evening drifted into great  
grief channels, when this little story  
was smilingly recalled by Miss Kay  
Laurel, the actress:

Some time since an esteemed citi-  
zen, named William Smith, rambling  
into a telephone office at a West-  
town, and handed the operator the  
following message:

"Carrie Jones, I announce with  
grief the death of our Uncle Samuel.  
Come quickly to near the will. I an-  
nounce it we are his heirs. William  
Smith."

"Let's see a minute," remarked the  
operator, going over the dispatch.  
"Two words too many unless you  
want to put up more money."

"But it is done," was the quick de-  
claration of William. "Take out the  
words with grief."—Philadelphia Tel-  
ecraph.

#### Electric Sparks

Charleroi's connection with the  
international baseball news of the day  
if of course pronounced. Bill Phil-  
lips developed Benoit Knut and  
President Tener refused to let Ben-  
oit be a National leaguer.

Stocks do the declining and not the  
buyers.

An abandoned auto was found in  
an old barn in Fayette county, but  
they neglect to inform us whether  
or not it was a Ford.

May mud is an unmusical allitera-  
tion.

The legislature, nothing daunted,  
has started the observance too of  
clean-up week.

Sometimes we wonder if it wouldn't  
be better if the bill collector was un-  
able to understand the English lan-  
guage.

Recent developments would lead  
one to suppose that the Pittsburgh Pi-  
rates is a cold weather team, and  
they don't have much cold weather  
during the pennant season.

#### MOTHER'S DAY LATEST OF WORLD HOLIDAYS

Warring Countries Abroad Take up  
Observance Together With United  
States—Start of Holiday Was in  
Philadelphia.

Mother's Day, observed the second  
Sunday in May, is the newest interna-  
tional holiday. This year men in  
the grapple of death on battlefields in  
France and Belgium will be remind-  
ed of courageous mothers at home,  
who, in dread, await war's heartless  
destiny. In France, Germany and  
Great Britain the custom of observ-  
ing Mother's Day was introduced  
from the United States and is pious-  
ly celebrated.

Eight years ago Miss Anna Jarvis  
of Philadelphia invited a girl friend  
to visit her on the anniversary of her  
mother's death as a token of blessed  
remembrance of a devoted woman. On  
this occasion the idea of setting apart  
a day each year for a worldwide ob-  
servance of Mother's Day occurred to  
Miss Jarvis and her suggestion met  
with a ready response from people  
in every walk in life. Within two  
years every state in the Union joined  
in the movement which was soon  
afterwards taken up in Ireland, Wales,  
England, France and Germany.

Mother's Day was given official  
recognition by a resolution in Con-  
gress last year, and President Wood-  
row Wilson issued a proclamation at  
the same time calling upon the citi-  
zens of the country to honor Ameri-  
can motherhood by a fitting obser-  
vance of the second Sunday in May.  
Special services and sermons by  
the pastors of the majority of the  
churches will feature the observance  
of Mother's Day in Charleroi. The  
wearing of the carnation in obser-  
vance of the day will be general.

Notice.  
The annual memorial service of the  
G. B. A. A. Branch #3 will be held at  
the First Presbyterian church Sun-  
day, May 9th at 2:30. All mem-  
bers and employees are requested to  
be present.

## Men, this Goes:

THE motorists who are getting the most out of their machines, summer and winter, are the fellows who regularly and consistently feed Atlantic Gasoline. Because Atlantic "Gas" has the gas and get-there spirit that puts pep and power behind a piston—that takes figures off your gas bill and puts them on your speedometer, where they belong.

Atlantic Gasoline has a uniform "boiling point" that assures every new lot of "gas" to be exactly like the last you put in. Your carburetor, once adjusted, stays put.

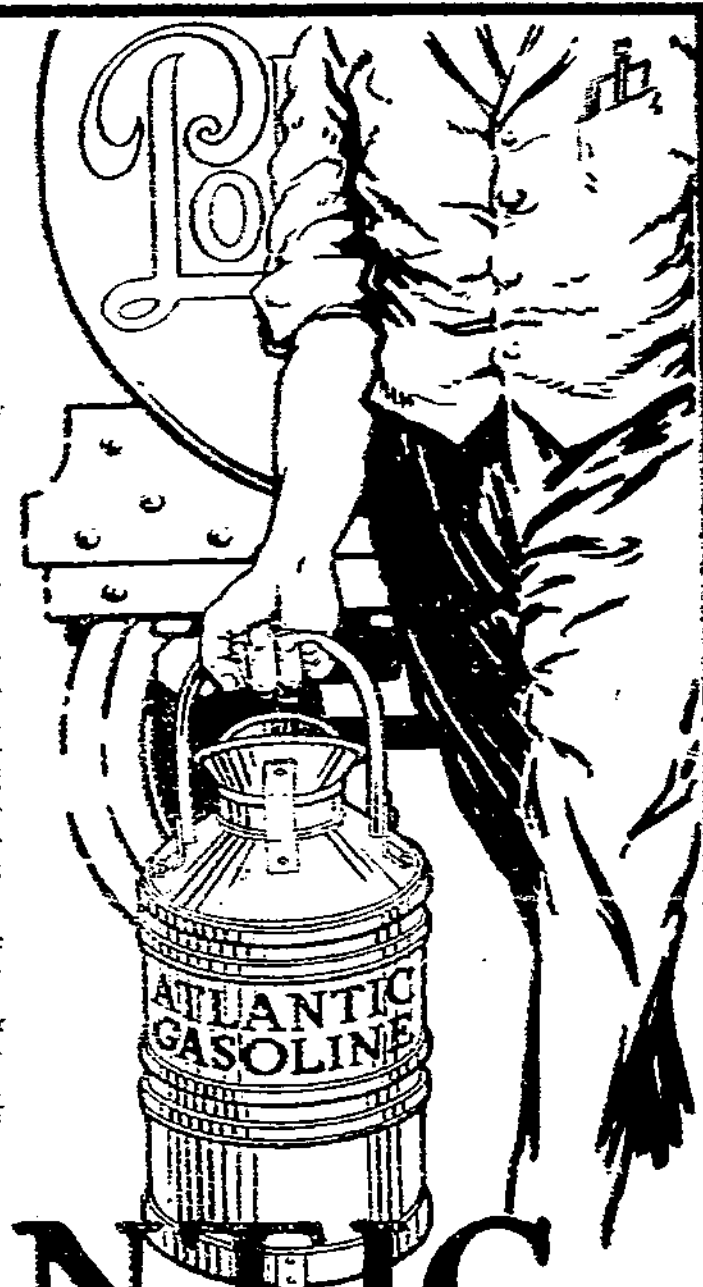

Atlantic "Gas" has a liveliness that begets easy starting on all kinds of days, and it has more mileage to the cubic inch than ordinary gasoline. It is made from the finest crude oil that flows—made to a definite standard by the oldest and largest refiners in the State. That's why the merry mob of motorists ask for "Atlantic Gasoline," by name, instead of trusting to luck with "Give me five gallons of gas."

All good garages sell Atlantic Gasoline, and Atlantic trucks and tankers deliver any quantity, anywhere, any time.

Atlantic POLARINE is the 100-percent lubricant that flows freely at all temperatures. It keeps uptight DOWN.

## AMONG THE THEATRES

### PALACE—CHARLEROI

Several good motion pictures were featured at the Palace theatre during the past week. A film production of Longfellow's dramatic poem, "Evangeline" was shown. The picture was shown in six parts. The minor details of the poem were given much attention making it one of the most complete pictures that has ever been shown. On Wednesday Beatriz Michelena a motion picture star of much ability was shown in "Mignon." The last three days of the week one of the best vaudeville shows of the season was presented. The headliner act is LeMar and LeMar a team of black face comedians. Their act is given over to comedy singing, talking and dancing. Lew Harris another comedian presents an act that brings many laughs and Myers and Thompson present the latest in songs and dances. Two good features for the coming week are, "The Volunteer Organist" and "Hearts in Exile."

### COYLE—CHARLEROI

A number of interesting pictures were shown at the Coyle theatre during the past week. On Tuesday the Paramount program company release shown was "The Governor's Lady," a picture taken from the book of the same name by Alice Bradley. Edith Wynne Mathison, an actress who scored a big success in the stage production of "Everyman" was presented in the leading role. Thursday the ever popular motion picture star, Marguerite Clark was shown in "Gretna Green." Miss Clark was better than ever in the role of Dolly Erskine, a belle of old Harrowgate, England, who kept everything in turmoil by her fiery temperament. Miss Clark's dainty beauty and fascinating personality made her especially suited to the role. A production that is programmed for next week and one that is creating much interest is "Are You A Mason?"

### STAR—CHARLEROI

Some of the scandalous goings-on in Europe among the warring people were pictured in the Pathe weekly review of world events shown at the Star theatre as one of the interesting features of this week's program. The review was shown on Thursday, along with an especially good program. Manager Milton Crandall of the Star this week announces his retirement from active connection with the Star in order to take up lecture work in the moving picture world, a business that he followed before taking up the Star management. Announcement was made of the coming Saturday of the first episode of "The Exploits of Elaine," with such stars as Pearl White, Arnold Daly and Sheldon Lewis in the cast. "The Devils Eye" a four-part picture was announced likewise for Saturday as a big production.

### MAJESTIC—CHARLEROI

Two big feature pictures were shown this week as the leading productions at the Majestic theatre. The first was that of "Shadows of a Great City," produced on Wednesday. In this filmed version of a good novel, a story of great heart interest was told and the inevitable love affair was unraveled to a splendid climax. The other big feature was the Vitagraph company's Broadway Star feature, "The Enemies," in which Harry Morey, Edith Storey and others of much note in the moving picture world were seen at their best. This was a story of hate and revenge, detailing the narrative of how supposed justice was finally accomplished. It was in part a tale of the sea, and scenic effects were splendid. Acting was superb. Other good pictures were shown the fore part of the week.

### Many Recoveries From Lung Trouble

Eckman's Alternative has restored to health many sufferers from lung trouble. Read what it did in this case:—

"Gentlemen:—In January, 1905, I was taken with hemorrhages of the lungs. My physician, a leading practitioner, said that it was lung trouble. I got very weak. C. A. Lippincott, of Lippincott's Department Store, Wilmington, Del., recommended Eckman's Alternative that had done great good. I began taking it at once. I continued faithfully, using no other remedy, and finally noticed the clearing of the lungs. I now have no trouble with my lungs. I firmly believe Eckman's Alternative saved my life." (Abbreviated.)

(Amended) JAS. SQUIRES.  
Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size \$1; regular size \$2. Sold by leading druggists. Write for booklet of recoveries.

smart new styles for misses

## tailored suits at \$25.00

Exceptional values—two styles pictured

One exceptionally smart style is made of fine gabardine in navy blue. Jacket is one of the new and extremely short types, having a vest and detachable collar and cuffs of fancy pounce, smartly button trimmed. Skirt is a new box pleated model. Sizes for misses and small women.

The other is a new model of decided style merit and is made of men's wear serge in Navy Blue. A slight military tendency is indicated by the trimness of line as well as by the braid trimming. Collar of satin combination. Box pleated skirt.

Our Misses' Department is indeed the rendezvous for the stylish miss—has been considered the style headquarters for nearly half century. The smart creations of the most authentic type are given a place in this department the minute they're declared proper—and the assortment, variety of new materials, models, trappings, etc., is at all times sufficiently large to please the style ideas of everyone within reach of this store.

## We Are Consulting Specialists in Typewriters

THIS may be a new idea to you, but think it over.

The point is that the Remington Typewriter line is the one and only

### COMPLETE Typewriter Line

It is the only line which has a typewriter for every taste, for every need, for every purse, for every purpose.

The physician with only one prescription for every case wouldn't command your confidence, would he? You know that one prescription cannot cover all cases. Neither can one style of typewriter cover all needs.

The manufacturer of only one style of machine is a special pleader for that one machine. He has got to be. But we are not special pleaders—we are consulting experts, without bias or leaning towards any type or kind of construction. We are in a position to furnish you any style of machine your individual requirements demand.

Think of us in this light, and you will realize how well it will pay you to call us in, and consult with us about your typewriter needs.

## FRECKLE-FACE

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

## INDEPENDENTS BEATEN BY RICEYS COLTS

## Stop, Look and Reason

Young man, you had better stop that spending all you earn, look around and see whose financial standing and positions in the community you long to equal, and then reason out in your own mind how they acquired these coveted places.

You will discover that nine-tenths of them saved a substantial portion of their salaries when those salaries were small. Are you doing it? Better start TODAY. Only requires a dollar to get started—then add to it each pay day—and it will surprise you in a year.

### THEATRES--PITTSBURG

ALVIN--PITTSBURG

"High Jinks" which ran for more than a year at the Casino Thea-

tre. New York and which played a month's successful engagement in this city early in the season will return to the Alvin next week. The piece, which was produced under the person-

al direction of Arthur Hammerstein is a musical jolity.

"High Jinks" is essentially a song show. There are a dozen or more tuneful numbers. The main theme

of the song is contained in the song entitled, "Something Seems Tingling-Ingling." The cast is headed by Stella Mayhew, who is assisted by a capable cast. There is a singing and dancing chorus of sixty. The plot of the story concerns the career of an American nerve specialist residing in Paris who comes under the spell of High Jinks Perfume and the final amicable adjustment of all grievances depends entirely upon the efficacy of this marvelous perfume. There will be the regular Wednesday and Saturday matinees during the return engagement.

### GRAND--PITTSBURG

Critics are a unit in saying that Nazimova has contributed no more vivid characterization to the American stage than that of the defiant young feminist in Marion Craig Wentworth's "War Brides," which she is to play in vaudeville at the Grand Opera house every afternoon and evening next week beginning Monday, May 10. Surrounded by the greatest stars of the variety stage, Nazimova is sure to have a triumph as personally gratifying as any that has come to her during her brilliant career on the legitimate stage. It is not in the temperamental star's burst of excessive passion that "War Brides" is most impressive but rather in its more quiet scenes--scenes in which the pathetic truth of her son and her sister's helplessness in the grip of the war fever's weeping the country is poignantly real. The basis for the story of "War Brides" is a clipping from a newspaper in which this line was read by the author: "The 'war brides' were cheered with enthusiasm and the churches were crowded when the large wedding parties spoke the sermon in concert." The star's supporting com-

## BARNES TELLS HOW TO PRODUCE GOOD FRUIT

State Demonstrator Instructs Orchardists at Orchard of Dr. J. K. Smith in Fallowfield Township on Thursday.

No spraying was done, but explanations as to the best methods for keeping apple, peach and other fruit trees in good shape and to make them produce well, were made by P. T. Barnes a representative of the state zoological department at the orchard of Dr. J. K. Smith in Fallowfield township Thursday.

The visit was one of several to be made to different orchards in Washington county by Mr. Barnes. The movement is one being conducted by the state for the benefit of fruit growers.

Mr. Barnes said that the orchard of Dr. Smith was in good shape and found that instructions given on a previous visit had been followed.

## Its Time For a Change of Footwear

And this store was never better prepared to clad your feet in lighter weight and snappier footwear for the new season than right now.

All of the style changes that have come to pass in men's shoes for spring and summer are well represented in our present showing.

New dark tans with "nifty" cloth tops of lighter shade, and gunmetals with fawn tops, all built over new English lasts now popular with young men, are here in all sizes and widths.

More conservative styles are also shown in gunmetals, vicis and tan of soft, pliable quality.
